First Evening Court at Bucking-

ham Palace. Calcinta, March 17 .- The London correspondent of the Englishman, wiring on the 15th instant, says :-

The Evening Courts were inaugurated at Buckinghani Palace last night, and are admittedly a great success and an unqualified improvement upon the afternoon drawing rooms. The scene last night was a brilliant one, 950 invitations being issued, limited to official and diplomatic personages. It is understor! that Her Majesty the Quren and the Princess of Wales, who were magnificently attired, wore drosses of British manufacture.

Wholegale Arrests in Constan-

Extended Army Service in March 18. - Lord Haliburton, in a letter to The Times, statos his objections to the extention of the service with the Colours in India, and remarks that, after six years' service, the invaliding rate rises with great

Cricket in Australia.

The last match of the tour of Mr Mac-Laron's team finished yesterday at Adelaide, South Australia being defeated by six wickets. The weather and wicket throughout the match have been splendid. Tyldesloy's 126 was the result of excellent cricket, and in it were no fewer than 21 fours. In the second innings Tyldedey scored 47 runs. Claxton (! Mr MacLaren) scored 61 and 83 runs. Gunn met with the largest amount of bowling success among the Englishmen. In the first innings he took 5 wickets at 14 runs each, and in the second 2 for 70 runs. Braund also took seven wickets, but was more expensive, as they cost close over 30 runs each. In the second innings Hayward secured 3 wickets for 12 runs, Mr McGahey 2 for 35 runs,

and Mr Jones 1 for 37 runs. AUSTRALIA. 1st lunings..... 207 2nd innings...... 306 ENGLAND.

The London Correspondent of the Indian Daily News, wiring on the 16th, reported that the authorities intend to recognise the chivalry of De-la-Rey in releasing Lord Methuen unconditionally. It is not yet decided what form the recognition will take. It is practically settled that England will not respond by the release of a prominent Boer lender. It is probable that the extreme penalty of the law will not be exacted in the

case of Kritzinger, whose life the Boors are especially anxious to save. Exit Lord Wolseley to South

Africa. Lord Wolseley has left for Cape Town. He says he goes merely on a pleasure trip, but this statement is received with a certain amount of scepticism. It is rumoured that he will recommitte the satuation, but whether in a private or in an official capacity it is impossible to say. The Unrest in Ireland,

anxiety. The tyranny of the United Irish League is unabated. Public opinion in England includes the view that the Government lacks the courage to put its foot down. Many people consider that the only way out of the present impasse is to suspend the Constitution in Ireland and proclaim the United Irish League an illegal body. The Split in the Liberal Party. that the War Office demanded enquiry as a right, but it was impossible to assent to an enquiry, on the magnitude suggested, at the present time, and he appealed to the House of Commons to avoid hampering the conduct of the war. The demand in the horse markets throughout the world was, he said, so unprecedented that we were experiencing greatest difficulty in obtaining animals of the stamp required, though sparing no offerts. He then referred to the position in which Sir Henry Campbell-Bannerham left the War Office as regards Artillery, which was not allowed to transpire, like the shortness of rifle ammunition, because it was too serious to reveal then, but, had complications arisen in South Africa, then we would have been compelled to abrudon the country after the first three months.

March 18. - Sir H? Campbell-Bannerman last night eponed the debate on the war

Mr St. John Brodrick asked for a postponement of the enquiry till a suitable time. Covernment, he said, had spared no offert to improve the supply of remounts, and he was convinced that the most searching examination would show that no war was ever accompanied by so little negligence and corruption.

The debate was adjourned. Culcutta, March 20, - The London cor respondent of the Englishman, wiring on March 18th, says : Neither the public nor the House of Commons appear to take the slightest interest in Sir Honry Campbell-Banneman's voto of no confidence in the Government. The indifference of the House of Commons was so marked, that throughout a large part of yesterday, while the debate on the motion was in progress, there was scarcely a quorum. There does mot appear to be much expectation of any great results. The followers of Lord Rosehery were half-hearted in their support of the vots of censure, when they took the tropide to support it at all.

MARK TWAIN AND THE KING

Mark Twein told an after-dinner stor in New York the other day, which is Whiting now being such quoted.

Once, while residing temporarily in England, he was subjected to a tax, and he wrote to Queen Victoria 'a friendly letter of protest, He said :- I don't know you, but I've met your son. He was at the head of a procession in the Strand, and I was on a 'bus.'

Years afterwards he met the Prince of Wales at Homburg. They had a long walk together. When bidding him good byc, the Prince said, 'I am glad to have met you again. This remark troubled Mark Twain, who feared that he had been mistaken for some one else -perhaps Bishop Potter. He comununicated this suspicion to the Prince, who replied, 'Why, don't you remember when you met me in the Strand, and I was at the head of the procession,

and you were on a bus?" It is said that the King has read mearly everything that Mark Twain has cago. Ill., U. S. A. For sale by Ali

EDITORIAL COMMENT.

THE NEW to learn that there is a POST OFFICE, prospect of the new Post Office being started at

in early date. Some/considerable time ago, it may be requembered, it was decided to build the new Post Office on the site of the present building and the Supreme Court-house, in preference to a proposed site near the Hongkong Cluband the new Law Courts. This idea has been abandoned, however, as, we are informed, the Government haspurchased from Messrs Jardine, Matheson and Co. the site on the new Praya in front that firm's present offices. The price paid is \$20 per square foot, or, roughly speaking, about five lass of dollars. As the Gövernment should be able to dispose of the sites occupied by the Supreme Court and the present Post Office for a substantial figure, the cost of the new site should not throw and serious burden upon the Colony's while the advantageous the new site should self-evident. The new building have a frontage on three streets-Pedder Street, Praya and Des Voux Road, every body was hoping the rain was coming so that it should have plenty of light and ventilation; it is conveniently situsted near the Blake Pier, the principal landing place in the Colony; it is as

central as the present Post Office; and its construction can be proceeded with Goods per Konny Albert undelivered after without causing the inconvenience that would have attended the temporary housing of the Post Office Supply of a Steel Screw Steam Facht elsewhere while the present building was being destroyed and the site prepared anew. It should now be possible to erect a substantial building to meet he developing requirements of the Post Office and to expedite the increasif it erects a building which will be a credit architecturally to the Colony, and in keeping with the bandsome baildings along the sea front Owing to the Public Works Department being seriously undermanned and inadequate for the work it has now to undertake, it is the intention of the Government, we believe, to call for competitive designs from local firms of architects, the successful firm to be cutres of with the supervision of the constructions; and it is hoped the Director of Public, Works (Ron. W. Chatham) will be able to have the conditions of the competition ready at an early date, so that the new building may be commenced in a few months.

The Government is to be congratulated on the step it has taken, and the public will approve the new scheme the more readily when it learns that by placing forestalled a Chinese syndicate which proposed to build Chinese houses upon it. The presence of Chinese in that particular place would have been de plorable; and we hope the Government, in disposing of the old Post Office building and the Supreme Court, will make such stipulations as will keep back the Chinese wave which is surging along Queen's Road, in what was

Misadventure. The Manila Times of the 20th ult. says :- Emery Hackleby, the colored man who was shot while prowling around inside the nurses' quarters in San Miguel Monday night, died yesterday at 2.45 o'clock in San Juan de Dios hospital. The body is lying at Dell's undertaking parlors, and will be buried at La Loma. Huckleby was formerly employed under Colonel Markley, 13th Infantry. A note of recommendation from the Colonel, found on Huckleby's person, seems to bear out his story of mental aborration, Col., Markley said that Huckleby was about nineteen years old, slender built, that he was a mulatto with a pleasing face, and was a teamster under his command at Humigan. The colonel's note said : He performed his duties very satisfactorily and left of his own accord on account of sickness. The impression he left with me was that of a good man and a good teamster, more particularly as to the latte-

Well-known Footballer Killed.

William Maley, a pony driver, was killed on March while at work in Clyde Colliery, Hamilton, He was engaged in clearing a roadway, and while his horse was going up a 'brao' with a 'hutch,' the breeching of the harness broke, causing the 'butch' to run backward. In trying to stop it, Maley was knocked against a prop, which gave way, and he was pinned against The public will be pleased the 'hutch,' his ribs were pressed upon his heart, death being instantaneous. Deceased was in his day a wall-known footballer, having played for Everton for two seasons

International Football.

The following is a brief description of the International Rugby match at Edinburgh on the 15th ult:- England and Scotland met yesterday at Edinburgh in the Rughy Championship and England won a splendid game by 6 points to 3. The teams were evenly matched. The superb defence of the English backs was a marked feature of the game, and against it, the Scotch threequarters could do little. The forwards of both fifteens were all excellent, and in the scrummages the sides were well balanced. All round the English side was an excellent one. The Scotsmen often succeeded in getting the ball from the scrums, but 'their

screwing tacties were rarely successful.

Our readers may remember (says the Singapore Free Press of the 20th alt 1 the a former China discovered to system of levy we think, bu this is not cer ing out of Si China. All this does not take into account the existence of a system of periodical cash remittances to China. amounting annually to many hundreds of thousands of dollars.

We have now to point out, as we learn from Hongkong papers, that an attempt is being made at the other end, by at least one Chinese authority, to tax the homegoing Chinaman, whether from other Chinese ports, or from Siam, the Straits, Saigon, Java, Sumatra, Burma or Calcutta. We quote in full the text of an article in the China Mail setting forth the details of this new move. It certainly invites consideration on the part of the Straits public and the Straits Government.
